The American College of Sports Medicine is the world's largest multidisciplinary sports medicine and exercise science organization. Dedicated to improving the quality of life for people around the world, more than 20,000 International, National, and Regional Chapter members search for and find methods that allow everyone to live a healthier, more productive life. ACSM is internationally known as the leading source of state-of-the-art research and information on sports medicine and exercise science.

Members are interested in exercise physiology, biochemistry, motor control, psychology, athletic medicine, sociology of sports, rehabilitation, or growth and development, and stay up to date with *Medicine & Science in Sports & Exercise*®, *Sports Medicine Bulletin* and *Exercise and Sport Sciences Reviews*.
